

DAVI JAY & The Bourbon Street Experience

Davi Jay & The Bourbon Street Experience embody raw energy, tight harmonies, and infectious rhythms, bringing new life to the blues and to Motown R&B classics. They put a new funk on Zydeco and rock classics, too. The band know how to get the party started and keep it sizzling well into the wee hours. Fronted by crooner and noted television actor, Davi Jay (Treme, The Walking Dead, Day 5), it's a show you don't want to miss. Core band members, including Davi himself, are veterans of Houston's famed Bourbon Street Band, the hottest party band on the Texas festival and events circuit from past decades.

Davi Jay & The Bourbon Street Experience released their debut album in 2019 entitled "Every Night is Mardi Gras." It's a concept album about night life in New Orleans. Recorded at Montrose Records in Houston with producer Richard Cagle, the album kicks off with "House of Blues," a New Orleans flavored number featuring Davi's crisp, clear vocals and a dynamic brass section that reflects the very essence of the crescent city. Track six is an R&B number named "Baby You're the One," which captures the spirit of the Texas and Louisiana Gulf Coast sound. Closing out the

compilation, Davi and the band deliver a fantastic rendition of Prince's "Purple Rain." "Every Night is Mardi Gras" a great ride all the way through, from the very beginning to the very end. Davi Jay & The Bourbon Street Experience bring the music from the album alive at each show. That belongs on any bucket list!

"Davi Jay and The Bourbon Street Experience new release is full of jazzy, bluesy, funky grooves...with that traditional roots music bite! ...Every day is Mardi Gras with these guys!"
